

Dashboards UNLIMITED

Dashboards Unlimited is the high-performance and flexible reporting suite for builders and developers that provides deep insight into properties, sales, marketing, and staff performance.

Ultra-fast, live data, no manual updating

Dashboards Unlimited uses live data from Runway and its apps. There is no manual updating and reports are always up to date.

Integrate with your existing website or Capsule website

Our Capsule websites contain integrated tracking for Dashboards Unlimited reports. To enable website tracking, simply add the codes to each page.

Allow secure access of dashboards to property partners

Share your dashboards between developers, builders or project marketers.

Curate your own dashboard edition

We can design bespoke charts and reporting dashboards to meet your unique business requirements.
